GIAA Re-Opens International Lounge

For the last 50 years, the lounge has been largely behind security, viewed only by special arrangement. The space will now be open daily to the public, and the airport will continue to accommodate the 2,000-3,000 international flights that use the airport annually.

Enjoy locally made coffee and treats, including Sweet Rock ice cream. All visitors are welcome.

July Council Meeting highlights

COMMUNITY SERVICES

Citizen re Ball Hockey Court

The Committee reviewed correspondence from a homeowner near the ball hockey court and possible damage to their home. While they are very happy to see youth using the facility, their concern is that the fencing around the court is not high enough, and as a result, hockey balls are hitting their garage causing damage to their siding and is close to breaking a window. They have offered to contribute \$100 for netting to be placed at the end of the court. The Committee feels that the homeowner has a valid concern and has asked the Director to investigate the cost of erecting netting.

CORPORATE SERVICES

Delegation - Audited Financial Statements

The 2021 statements indicated a surplus of \$3,268,566 due to the requirement to recognize federal and provincial funding as revenue for capital projects. Funding for the new Wastewater Treatment Plant and the Track & Soccer Fields were the main contributors.

The surplus identified is in accordance with the Public Sector Accounting Board (PSAB) guidelines and is not used to determine Council's operating budget. Under PSAB, municipalities are required to recognize capital funding as revenue and record depreciation which is not included when preparing the Town's budget.

Council was pleased that no issues or concerns were identified and it was considered a clean audit.
